

# *The Path of Divine Love with Archangel Chamuel*

**D**ivine Love, as revealed through the teachings of Archangel Chamuel, is the **sacred cohesive power** that holds all creation together—from the tiniest atoms to the vast galaxies. It is the original impulse of creation, the very energy that God used to frame the worlds and birth each soul. Divine Love is the magnet that draws all beings back into the heart of the Creator, ensuring that every spark of life eventually returns to its Source.

Chamuel teaches that Divine Love is **the healing balm**, the transmuting fire, and the alchemical key to spiritual mastery. It heals wounds of the soul, restores balance to relationships, and dissolves every shadow within the heart. Divine Love is the first step and the final step of the spiritual path, the foundation of all mastery, and the open door to the ascension itself.

Without Divine Love, there is no life, no cohesion, no spiritual progress. It is the great unifier that reconciles all polarities—spirit and matter, power and wisdom, heaven and earth. Divine Love transforms pain into wisdom, resentment into forgiveness, and fear into faith.

Ultimately, Divine Love is the very **Presence of God** in action within you. It is the fire that refines, the grace that uplifts, and the gift that ensures you can fulfill your divine plan. To embody Divine Love is to become the **flame of the Sacred Heart**, a living chalice of God's healing, creative, and transforming power.

## Words from Chamuel that illuminate Divine Love:

- *"Love is the cohesive power of the universe, the very energy that holds the stars in their courses and electrons in their orbits."*
- *"Love is the spiritual gravity that draws all of creation back into the heart of the Creator."*
- *"Love is the all-consuming fire that transmutes all unlike itself."*
- *"Without Love, there is no ascension, no liberation, no fulfillment of the divine plan."*
- *"Love is the key to every initiation, the healing balm for every sorrow, and the bridge between your heart and the heart of God."*

## Embodying Divine Love

Embodying Divine Love is both a **path** and a **practice**. Archangel Chamuel, the Archangel of the Third Ray, teaches that to embody Divine Love means to allow the pink flame of God's Love to become the **guiding force of your being**—in your thoughts, words, emotions, actions, and even in how you perceive yourself and the world.

Here's a step-by-step approach, inspired directly by Chamuel's teachings and the wisdom of the Ascended Masters:

---

### 1. Cultivate the Threefold Flame in Your Heart

Within your heart burns the **threefold flame** of Love, Wisdom, and Power. Divine Love is the **pink plume**, which Chamuel says must rise supreme if the flame is to expand fully.

*"Without Love, Power becomes tyranny and Wisdom becomes intellectual pride."*  
(Chamuel, Vol. 35 No. 52)

#### **Practice:**

- Each morning, visualize the **Threefold Flame** in your heart.
- See the pink plume of Love expanding first—soft, radiant, enveloping your being.
- Affirm:  
*"I AM the fullness of Divine Love blazing within my heart. I AM Love's victory manifest in all I do today."*

## 2. Guard and Protect the Flame of Love

Chamuel emphasizes that the **flame of Love** is your most **precious treasure**. You must **guard it** against all outer discord—anger, criticism, resentment, and fear.

*"Let no outer condition extinguish it. Let no argument or injustice steal that flame from you."*  
(Chamuel, Vol. 41 No. 14)

### Practice:

- Whenever conflict arises, pause, breathe deeply into your heart.
  - Declare:  
*"I choose Love. I choose to embody the Divine Love of my own God Presence."*
- 

## 3. Invoke the Angels of Love Daily

Chamuel teaches that his **legions of Love** will come instantly if you call upon them.

### Practice:

- Each day, call to Archangel Chamuel and the angels of the Pink Ray.
  - Pray:  
*"Beloved Chamuel and Charity, flood my heart with the sacred flame of Divine Love. Enfold my aura in the pink light of divine compassion and grace. Let my every word, thought, and action radiate God's Love to all."*
- 

## 4. Transmute All Unlike Love

Love is the **all-consuming fire** that transmutes fear, resentment, and past wounds.

*"Where there is fear, Love is the remedy. Where there is division, Love is the power that makes whole."* (Chamuel, Vol. 14 No. 48)

### Practice:

- Visualize the **violet flame**, charged with Divine Love, sweeping through your aura.
- See it dissolving pain, fear, and negativity, replacing them with **tenderness and mercy**.

- Decree:  
*“Beloved I AM Presence, blaze the violet flame of Divine Love through my being!  
Transmute all that is unlike Love in me and in my world.”*
- 

## 5. Serve as a Chalice of Love to Others

The Masters teach that Love **is fulfilled in action**—selfless service becomes the outer expression of the inner flame.

*“True service begins with Love—for God, for your fellowman, for the flame of Life within every heart.”* (Chamuel, Vol. 32 No. 6)

### Practice:

- Look for small, daily ways to **serve from the heart**.
  - Be kind when it’s difficult.
  - Speak a blessing silently when someone is upset.
  - Affirm:  
*“I AM the heart of Divine Love, blessing all life wherever I move.”*
- 

## 6. Embrace Every Test as an Opportunity to Love More

Chamuel teaches that every **spiritual initiation** is a test of Love—especially loving when it is difficult.

*“Each time you choose Love over fear, pride, or selfishness, a stripe of Light is added to your wedding garment.”* (Chamuel, Vol. 7 No. 42)

### Practice:

- When faced with conflict, ask:  
*“What would Divine Love do here?”*
  - See the Christ Flame in others, even if they cannot see it in themselves.
  - Journal daily:  
*“How did I embody Love today? Where can I choose Love more fully tomorrow?”*
-

## 7. Anchor Divine Love into Matter

True mastery comes when Divine Love flows into every part of your life—your home, work, relationships, even your physical body.

*“Love is the cohesive power that knits together the cells of your body, the relationships in your life, and your connection to God.”* (Chamuel, Vol. 40 No. 4)

### Practice:

- Before meals, bless your food with Love.
  - Charge your home with Love through decrees.
  - Touch objects gently, infusing them with the pink flame.
  - Affirm:  
*“Every atom of my life radiates Divine Love.”*
- 

## 8. See Yourself and Others Through the Eyes of Divine Love

Divine Love is **the immaculate concept**—the ability to see the Divine Blueprint in all.

*“Love restores the soul to her original beauty.”* (Chamuel, Vol. 24 No. 10)

### Practice:

- Each day, hold the image of your own **Divine Self**, radiant in Love.
  - Do the same for others, even those you find difficult.
  - Affirm:  
*“I AM seeing all through the Eyes of Divine Love.”*
- 

## A Final Benediction from Chamuel

*“I AM Chamuel, your servant of Love, and I will not leave you until you have become the fullness of Love incarnate.”* (Chamuel, Vol. 10 No. 46)
